Author Address Devotional

eston Nibley, assistant to Church historian of the Church of Jesus Christ of Latter-day Saints, will address the assembly and faculty at Tuesday devotional assembly.

Also appearing at the assembly will be the 55-voice A Cappella Choir from Pleasant Grove School under the direction of Leslie Rees.

Nibley is noted for his books on Mormonism and biographies on famous Church members.

Among his numerous works are "George Albert Smith," "David O. McKay," "The Prophet," "Inspiration," "The Lord's Prayer," and "The Witness to the Book of Mormon."

Social Units Participating Spring Rush Procedures

The social units will be participating in Rush Week which begins Friday, according to Ted McGill, chairman of the Central Rush committee.

Department Opens Literary Contest

Three literary contests sponsored by the English department have been announced by E. Cheney, Wye Magazine advisor.

First place awards and honorable mentions will be given to winners of the J. Marinus Jensen short story contest for men and Elsie C. Carroll short story contest for women.

Entries must be from 350 to 3500 words in length and must be turned in to Dr. Wye, 218 McKay building or Magazine Office located in basement of the Student Service Center by April 19.

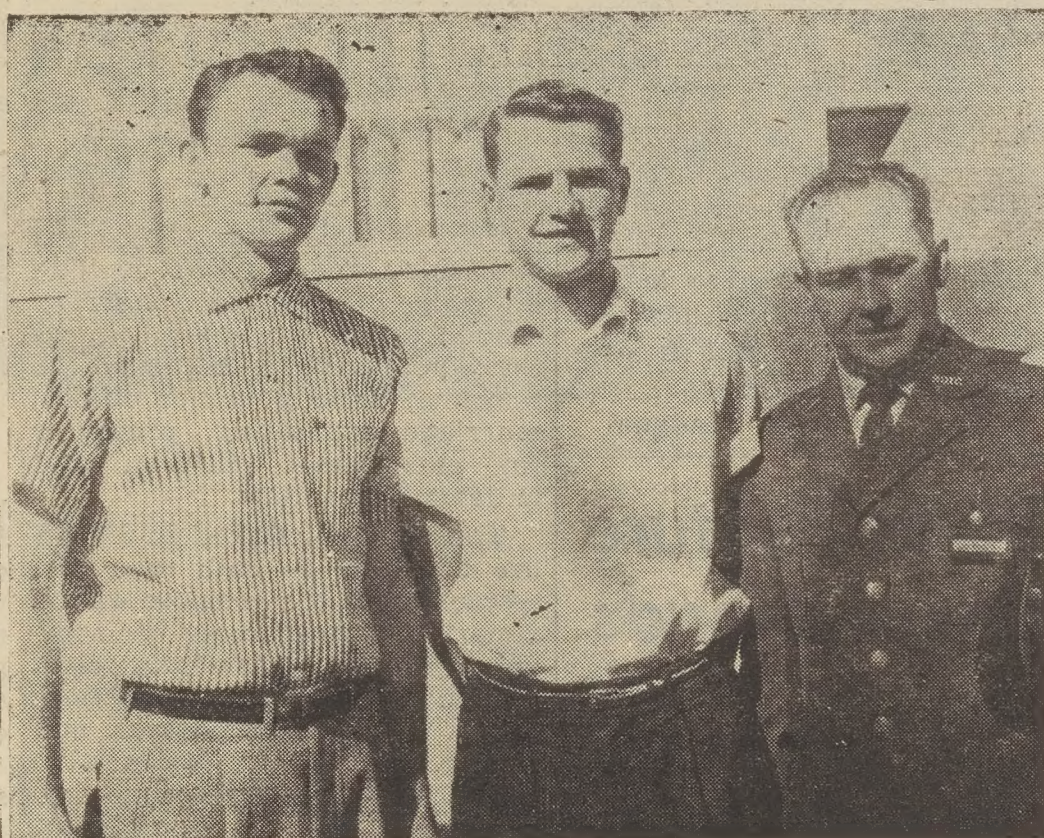

Prizes will be offered for the Hart Larson poetry contest. Entries must be submitted by Dr. Hart or Dr. Larson, McKay building by April 19. Awards will be made at the English Awards Banquet May 20.

Grade Needs Scripts

Students interested in writing scripts for Radio Free Europe should report to 140 Smith Building Tuesday 6 p.m., according to the Crusade for Freedom committee.

The Crusade for Freedom judges will select and best scripts which will be submitted for use by Radio Free Europe.

For information may be obtained by calling Ruth Benson, representative, at FR 1-1111.

RULERS OF CLASSES—Newly elected presidents of the three classes for the school year 1957-58 gather after their victories. Blair Armstrong, junior class president elect, Mike Kirkham, sophomore class president elect, and Nilo Atkinson, senior class president elect, discuss their plans for the coming year.

Consequences Ignored . . .

Egypt Threatens Israel Test Ships

JERUSALEM — INS — Radio Cairo warned Monday Egypt will destroy any Israeli test ship trying to get through the Suez Canal, regardless of consequences.

The Hebrew-language broadcast beamed to Israel warned further that a world conflict might erupt if Israeli officials go through with plans to send a test vessel through the Canal at an opportune time in the future.

Developments Threatened
The threat, attributed to "responsible sources," came amid these developments:

1. Egyptian President Gamal Abdel Nasser called for immediate preparations to convene an Arab Big Four conference to "meet any enemy surprise move against our countries." In addition to Egypt, Syria, Jordan and Saudi Arabia would participate.

2. Authoritative informants in Cairo said U. S.-Egyptian negotiations on operation of the Suez Canal were in "complete deadlock," and any new move to reopen the talks would have to come from Washington. The Egyptians called the U. S. proposals tantamount to "the old rejected internationalization plan."

3. The last sunken vessel—the Egyptian frigate Abukir—was removed from the Suez Canal, reopening the waterway to ships of 30-foot draft.

Israeli and United Nations military leaders met as Ashkelon, north of the Gaza coastal strip sector, to discuss Arab-Israeli-U.N. border problems.

Fence Discussed
Brigadier Meir Amit, acting Israeli Chief of Staff, and Maj. Gen. E. L. M. Burns, U. N. Emergency Force commander, discussed construction of a barbed wire fence along the 35-mile perimeter of the Gaza Strip from which Israeli troops recently withdrew.

Prospective Teachers Interviewed This Week

The Education Department has announced that job recruiters will be on campus from two states to interview students for teaching positions this week.

Tuesday Utah will be represented by Jordan and Beaver School Districts.

Wednesday Iron County and Santa Paula, Calif., will be represented.

Grand County will be holding interviews.

Students can make appointments for interviews at the Placement Bureau.

Swimming Pool, Games Part Of Union Poll

The list of rooms and facilities that students wanted most in the Student Union Building was tabulated by the survey taken during fall quarter was released by Studentbody President Monroe McKay, Monday.

According to this survey 35 per cent of the students wanted a swimming pool in the building. McKay stated that the pool will probably not be put in the union building but in a gymnasium which the planning committee has proposed to place near the fieldhouse. McKay said that the proposed pool will be able to host as big a swim meet as any other pool in the country.

Game Tables Wanted
The second item on the preference list was game tables, which 29 per cent of the 1124 students taking the poll wrote on the

survey sheet.

Study space was then requested by the students.

Two per cent of the students wanted a carillon tower, facilities for social units, and quiet rooms.

Auto facilities also were wanted. These would include paved parking lots, a wash, wax and repair area and an auto body shop.

Guests Considered
Guest rooms were requested for visiting officials and other teams.

The dancing facilities that the students wanted included an exclusive ballroom, a sky room, dancing balcony beside the ballroom, an elevated stage for dance bands, and a room with a juke box for occasional dancing. According to McKay, as the ballroom is being planned now, it will be larger than any dance floors presently existing.

Other suggestions included shuffleboards and tennis courts.

President Goes To Conference

President Ernest L. Wilkinson of Brigham Young University has been appointed a delegate to the Western Regional Conference of the President's committee on education beyond high school.

He will attend this conference Wednesday and Thursday in San Francisco, Calif.

The conference will bring together nearly 400 legislators, governors, university regents, college presidents and leaders in business, labor and agriculture from 11 western states, Alaska and Hawaii.

They will consider what steps the western states can take to prepare now for the vast increase in college enrollments expected during the next two decades.

Scottish Fantasy . . .

Brigadoon Selected As Musical

"Brigadoon," a Broadway musical production, has been announced as the major musical spring production by the speech department.

The show is slated for May 8 to 11 in the Smith Auditorium, and will be directed by Harold I. Hansen, Professor of Speech, with Dr. Don L. Earl, Associate Professor of Music, as musical director.

Brigadoon is a small mythical village in the Scotch Highlands which is the object of a "miracle." By means of the miracle the village is located in the misty highland fogs reposing between the earth and sky.

The village sleeps for one hundred years at a time and on one day each century comes back to earth.

The play concerns two American hunters who lose their way in the Scotch Highlands and stumble into Brigadoon on its one day of existence in the 20th century.

Tommy, one of the hunters, falls in love with a village maid

en but they are doomed to part forever, because he cannot remain in Brigadoon and she cannot leave it.

Love eventually solves their problem and the two are reunited to live forever in misty Brigadoon.

Popular songs from the show include "Waiting for My Dearie," "The Heather on the Hill," "Almost Like Being in Love," "There But For You Go I" and "From This Day On."

White Key Opens Ranks

Junior women who failed to attend the White Key openhouse Monday, may pick up application blanks in the Inter-Organization Council office Tuesday and return them that day.

Prospective White Key members must have at least a 3.2 grade point average and must turn in applications no later than 5 p.m. Tuesday.

White Key is a senior women's honorary organization.

Noted Historian Joins BYU's Summer Staff

Dr. Harry Elmer Barnes, noted sociologist, historian and criminologist, will join the Brigham Young University summer school staff in the sociology department, announced Howard T. Reid, acting dean of the 1957 summer school.

Dr. Barnes, well-known and controversial authority on world politics and reformer in the field of criminology, first gained extensive notice as a result of his efforts to modernize and humanize history.

His book, "New History and the Social Studies," has been compared to the epoch-making work of Voltaire and Buckle.

He is best known for his work as a reformer in the criminology field. His books have launched trenchant criticism on the savagery of what Dr. Barnes terms our "outgrown and futile prison system" and presented a systematic, powerful plea for a scientific treatment of the crime problem.

Dr. Barnes taught for many years at Smith College and is a popular lecturer.

He has been a strong advocate of a movement to bring religion "down to date" and make it harmonize with modern knowledge of the universe and man.

BYU students will remember his November 1956 lecture on the "Answer to George Orwell's 1984."

Articles Lack Addresses

Many articles have been turned into the lost and found with names and without any address, according to Walter Read, security officer.

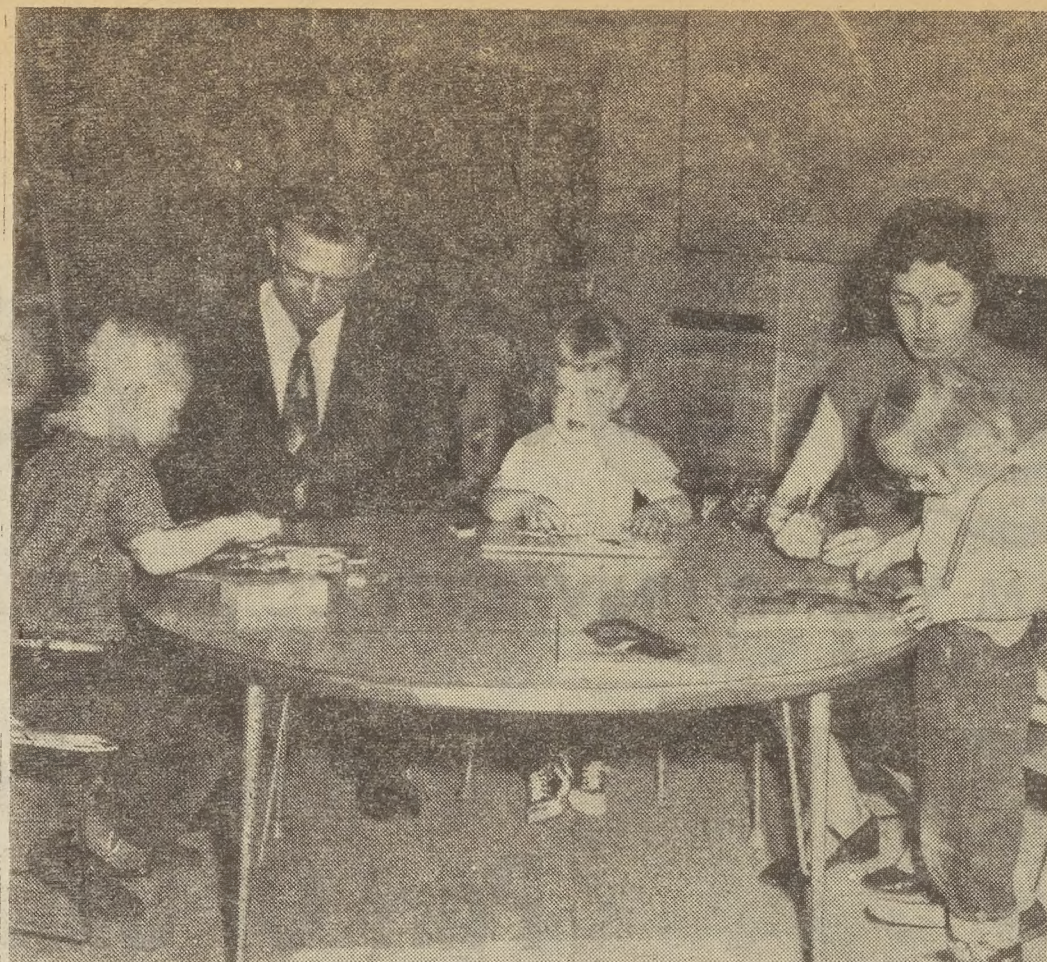

Names include Kate Boyack, Dwayne Houtz, Ace Henriksen, J. Mark Leavitt, Margie Milford, Gayle Bourie, Arnold Peacock, J. Robert Little.

Articles may be claimed in the security office.

Speech Professor Takes Sabbatical

Dr. Alonzo J. Morley of the Brigham Young University speech department is currently on a two-quarter sabbatical leave studying at Stanford University.

Dr. Morley, professor of speech correction, will do research at

Executive Policy Talks Feature Newspaper, Insurance Heads

Two speakers have been scheduled this week to lecture in the Executive Policy class sponsored by the College of Commerce.

Tuesday Dr. O. Preston Robinson, general manager of the Deseret News, will speak in the multi-purpose room of the Smith Family Living Center at 5:30 p.m.

William D. Daniels, director of education and training at California-Western States Life Insurance Company will speak on Thursday also at 5:30 p.m. in the SFLC.

Dr. Robinson is author of nine books and wrote the retailing section in the Encyclopedia Britannica.

He was one of the principal proponents and organizers of the

Newspaper Agency Corporation which has affected greater economy and effectiveness in the publications of the Salt Lake Tribune and the Deseret News.

Daniels graduated from Brigham Young University in 1943 and became a life insurance agent in Salt Lake City.

He later attended Purdue University's Life Insurance Marketing Institute where he was invited to remain as assistant director in charge of enrollment.

AWS Seeks Chairman For Big Sister Drive

Interviews for Associated Women Students Big Sister chairman are being held Wednesday, Thursday and Friday. Those interested should sign up in the AWS office, according to Janis Hull, AWS president-elect.

Interviews for AWS council for next year will be held next week and results will be announced at the Annals of Achievement during women's week.

Seminar Slates Nibley

Hugh Nibley, professor of history and religion, will speak Tuesday at the Linguistic Seminar at 4:10 p.m. in 117 McKay Building.

He will speak on the subject "Linguistics in Spanish."

Male Students Throng To 'Women's' Classes

One of the departments of the university usually thought of as interesting only to women, is opening up more and more to the male population. This is the department of Human Development and Family Relations.

In the words of Dr. Blaine Porter, department head, "The department of HDFR in the College of Family Living provides opportunities for increased understanding and appreciation of abundant and harmonious living within the family."

Men Trained

Dr. Porter said that "Men are parents too." The training offered in this field should be of interest to them as well as to women.

Professional opportunities available through HDFR include teaching in a private nursery school, work in community centers, youth programs such as scouting, child guidance clinics, marriage counseling, programs for exceptional children and children's hospitals.

The courses offered in HDFR are of value to both men and women. It is the purpose of the department to increase the individual's capacity to wisely select a mate and to function effectively as a marriage partner and parent.

Heads of the family living departments at a number of universities in the country are men. Several Latter-day Saint men hold prominent positions in this department throughout the nation.

One of these is Dr. Victor Christopherson, who is head of the Department of Family Relations at the University of Connecticut, and who will be a visiting faculty member at BYU Summer School.

Men Listed

Other well-known men include Dr. Glenn Hawks, Iowa State College; Dr. Leland Scott, Merrill-Palmer School; Dr. Joel Moss, University of Nebraska;

Dr. Carl F. Broderick, University of Georgia; Dr. Don Cadogan, Utah State University; Dr. Gomer Knowles, University of Wyoming; and Dr. Royden Braithwaite, College of Southern Utah.

Courses offered in HDFR include child development, principles of child guidance, foundations of marriage, achieving successful marriage, the LDS Family, and family relationships.

These classes are of value to all students of the university and not only to majors in the College of Family Living, according to Dr. Porter.

Most of the HDFR classes are very informal. Students meet in a table-type classroom, which makes it easier to hold discussions.

The facilities in the laboratories in the department are among the most modern and up-to-date in the nation.

Children's Laboratory

There is a special human development laboratory designed for the use of nursery school children. Various kinds of experiences are provided for children to help them develop motor skills, to allow for active expression and to provide experience with other children.

The children in the nursery school are selected from the community. Anyone is eligible to make application to have a child enrolled.

Diamond Jubilee

by Nadine Hall

June will be flooded with marriages from the looks of the Brigham Young University social calendar of engagements and pinnings. Trousseau teas, showers and parties are keeping our brides to be in a constant social swirl.

Elvadeen Foutz, Las Vegas, Nev. added her name to the engaged list when she received a diamond from Paul Andrsen, Griffith, Ind. He is a junior majoring in education and she is a Fidelas member.

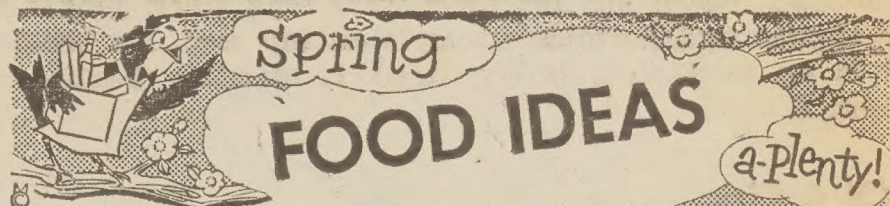

A freshman from Fayette, Utah, Opal Mellor recently became engaged to James Scriver, a sophomore from Niagara Falls, N. Y.

Margaret Holman, Pocatello, Ida. and Dick Callister, Glendale, Calif. are planning to become Mr. and Mrs. soon. He filled a British mission and is second counselor in the Fifteenth Ward.

Marilyn Munk, Alhambra, Calif., received an I. K. pin from Roger Victor, Lodi, Calif. She is a Val Norn and he is second vice president of the studentbody next year.

Manti temple will be the scene of the marriage of Jane Atker-son, Dallas, Texas and Lowell Hall, Roosevelt. She is a senior elementary education major and he graduated from the Univrsity of Utah.

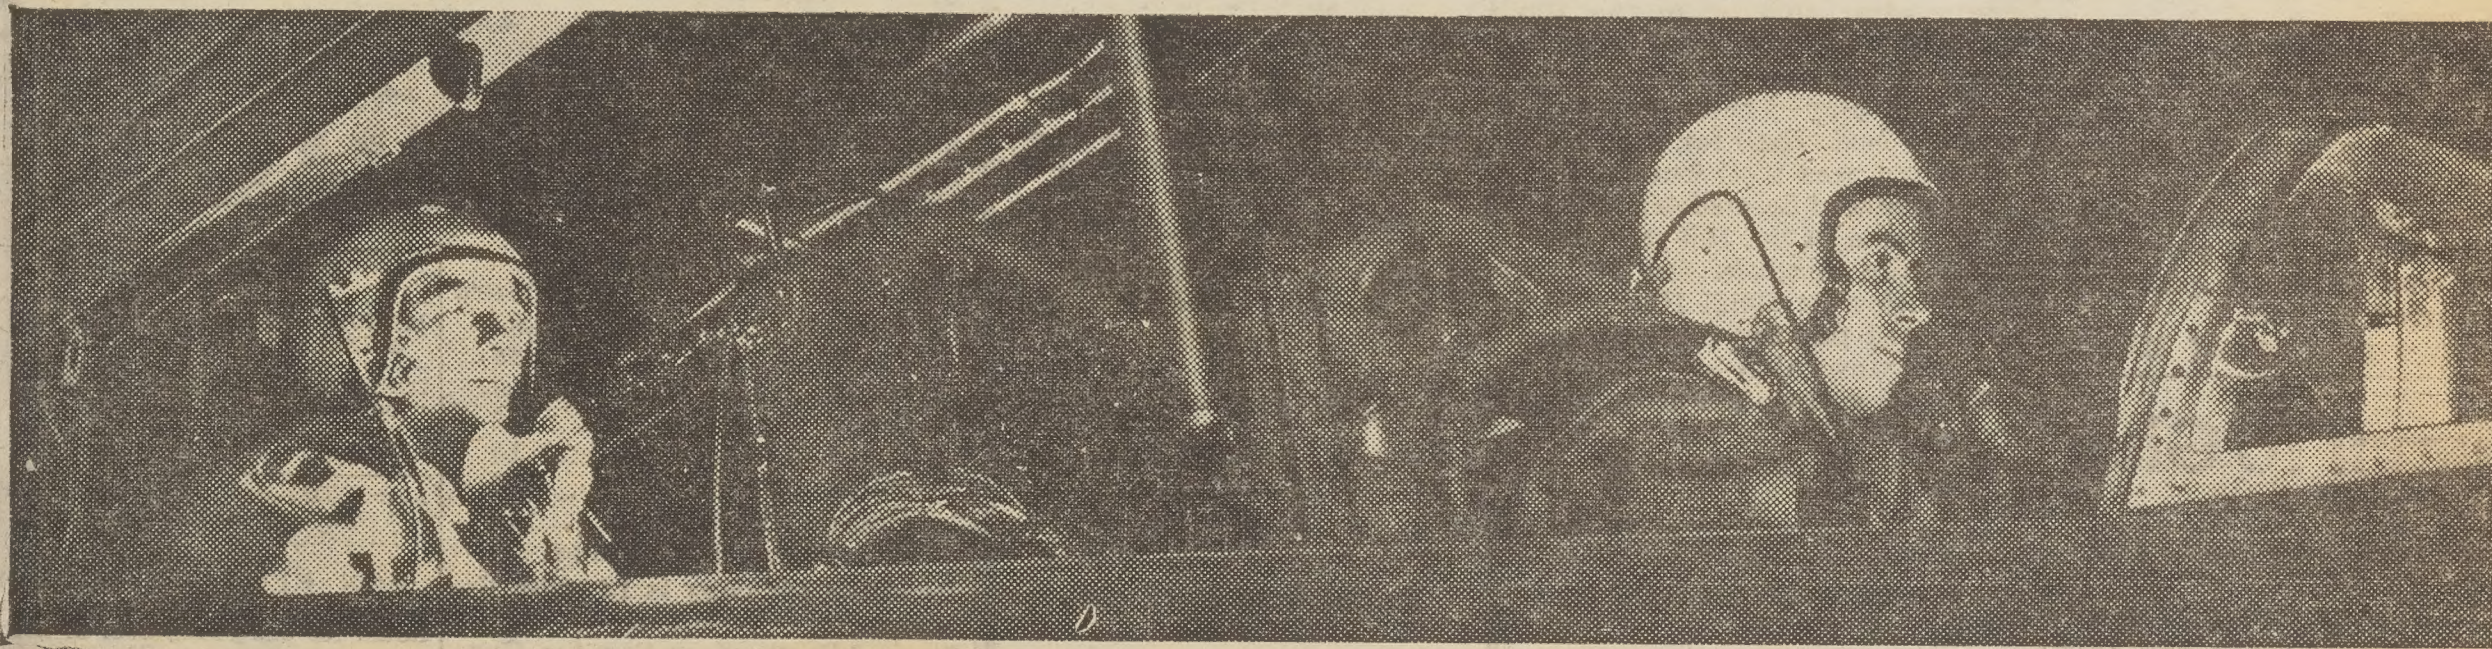

Marilyn Moore, a senior from Bountiful, became engaged to Millard Rice, a graduate from Claresholm, Alberta. She is affiliated with Alcyone and Orchesis. He is a former student program director.

FOUR ACES—The Anderson quarter, Oscar, Paul, Harry and Roland, board bus for their week-long track junket in New Mexico and Arizona. Oscar is on top step, his brother Paul is on next step. Harry (left) is standing beside his brother, Roland.

Four Of A Kind . . .

Anderson Brothers Spice Track Squad

Track Coach Clarence Robinson has his hands full of Andersons this year.

And a very valuable handful it is as brothers Paul and Oscar in the 880 and Harry and Roland, also brothers, in the 100 and 220 are among the best in the Skyline conference in their events.

The two sets of brothers are their own stiffest competitors, Harry and Roland racing against one another in the dashes while Paul and Oscar compete against each other in the middle distances.

Paul, a senior accounting major, attended Millard High School and participated in football, basketball and track. In his favorite sprint, the 880, Paul was the state champ in 1952. Subsequent to this he spent two years in the service before coming to BYU.

Paul, former Skyline conference record holder in the half-mile, once won an exhibition 880 in 1:53.5. This is his last year of eligibility for track.

Providing entertainment for the track trips, Paul plays the guitar and sings. He plans to be married in June.

Oscar, a graduate of Millard

High in 1954, held the state championship in the 880 run the same year. He is a junior architecture major.

Oscar's favorite events in track are the 880 and the mile relay. He is a member of the conference record-holding relay team, which chalked up a new mark of 3:17.6.

Specialists in the 100 and 220 yard dashes, Harry and Roland graduated from Grantsville High School.

Roland returned to school after spending two years in the mission field and four years in the Navy. Previous to going on his mission, he attended Utah State College for one year. He is now a sophomore majoring in agriculture.

During his navy career, he was a member of an all-district Navy league and ran first in the 100 and 200 sprints. Roland is married and has one son.

Harry played three years of varsity basketball for the Cougars and was well known for his speed and defensive ability.

His speed in the 100 yard dash made him eligible for NCAA competition in 1956. Harry had considered playing football next fall but was ruled ineligible.

He will go into the army after graduation in June and is anticipating a mission after his release.

With the exception of Roland, the Andersons went to Europe last summer with the BYU track team.

Late Arriving Cougars Triumphant In Windy New Mexico Cinderfest

by DON THORUP

Daily Universe Sports Writer

Brigham Young's cindermen overcame competition by wind, lack of sleep, and New Mexico's track team while downing the Lobos 85-46 in a duel meet Saturday.

In winning the Cats took 10 firsts and tied in another. Stan Bazant, of the Lobos, set a new Zimmerman Stadium record in the shot put with a toss of 51 feet 10 inches.

BYU's bus broke down en route delaying the spikefest for two hours. Two miler Dave Galbreath, who spent five

hours making repairs and one hour sleeping, collapsed in the sixth lap of his race.

Most performers' times were slowed by dust and winds which reached 40 mph.

Dick Millet, who won the low hurdles event, filled in for the injured Harry Anderson and Dick Heywood and took second in the 100 yard dash.

The Cougars took all three places in both the high jump and 880 yard run. Ralph Bonham, John Quinnett, and Don Helm cleared the bar in that order, while Paul Anderson, Oscar Anderson, and McKay Rollins finished one-two-three in the half mile.

Jim Crittendon and Wayne Chamberlain, who finished one-two in the 440 yard dash, were joined by the Anderson brothers in taking the mile relay with a time of 3:23.3. Paul Anderson was filling in in for Arlyn Finlinson, who sat out with a hip injury.

Dave Parker turned in a creditable performance in the high hurdles by winning with a time of 14.7. He also took second in the low hurdles.

The time came in the pole vault where Marcus Nielsen of BYU and Doyel of New Mexico cleared 13 feet each.

This was the first meet for BYU's defending Skyline Conference Champions.
